Thank you for patterning

The work we do at Monroe is incredibly powerful. The intention we all put into changing Monroe's energy patterns around growth made the difference. The old energy patterns were significantly altered to allow for us to fulfill our vision of the global awakening of human consciousness. The online division is now a significant part of our future. We will be able to help many more people create more meaningful and joyful lives through the guided exploration of expanded consciousness.

Thank you all for all the work you've done to bring our programs online. Without successful virtual retreats we wouldn't be here—reaching out to the world.

Thank you Leslie for crafting an awesome script to mold our new energy towards growth and success.

Visit by Janet Reed

Janet, Monroe Board Chair, is planning to do some house hunting in the area over the weekend. She's be staying at Wintergreen. Her plan is to visit our campus on Monday morning before driving home to West Chester, PA.

Please take some time on Friday and straighten up hallways and your offices. Let's make a good impression.

Special Gift from PMH Atwater

"To my friends at Monroe, two incredible short videos for you to enjoy."

The Byron Bay lighthouse at the northern tip of New South Wales, Australia has a unique geographical location. It can be seen and photographed only locally. Enjoy the moonrise and witness the most beautiful view from the easternmost part of Australia! A moon rise to be remembered for a long time...to the music of Leonard Cohen's Hallelujah (3:31)
